January 2012

Dear Prospective Camper and Family,

Hello from Camps Firebird and Roosevelt. It may seem strange to think about camp in the deep freeze of Winter however, families are now beginning to finalize plans for the New Year. We want to make sure that you have considered your summer camp choices for 2012 where your child can look forward to memories of a lifetime! At Camps Firebird and Roosevelt our formula for success adds up to a 77% camper return rate and a 100% staff return rate. As we look forward to meeting new campers we look forward to including your child among our family here at Firebird for Girls and Roosevelt for Boys.

Coming from all over the world, camp is a diverse community that creates a dynamic family of close friendships and good times. Featuring a structured and highly organized program, we have developed an optimal mix of both individual choice and group activities. The best news of all are the benefits that you will see of tremendous growth and maturity when your camper(s) return home.

Choosing the right camp for your child is one of the most important decisions you will make as a parent. Don't be fooled by lower prices (agency camps) or false claims (that one and two week camping produces the same results as a long term residential camp experience). Long-term private camping is very different than agency camps and those with high staff to camper ratios and "turn-style" systems with campers moving in and out each week. Our program along with an activity packed weekly schedule is designed to build excitement with a crescendo effect culminating in a highly anticipated and event filled final week.

We are dedicated to excellence. Staff is extensively trained and our program is dynamic and carefully designed. Age appropriate activities, leadership and creative opportunities abound. As an American Camp Association (ACA) accredited camp, with more than a combined 35 years of private camping experience, we take great pride in being experts with every nuance in camping.

Applying for enrollment at Firebird and Roosevelt is a winning decision, and now is the best time to act. We will be happy to answer any questions you may have regarding our location, program, staff, and facilities. We have included our dates and rates as well as an enrollment application for your convenience. When you are confident that you have chosen the right camp for your child and are ready to begin your new adventure with us at Firebird and Roosevelt simply complete the enrollment application, review the terms on the reverse side, sign and return. Once we receive your completed application we will notify you of your child's acceptance into the program. In keeping with our low camper to staff ratio, all age groups have a cabin limit of 8 campers for boys and girls. If the age group for which you have applied is full, we will notify you and your child will be placed on our waiting list.
